Winston Desk®

The Winston Desk is an ultra easy sit-stand solution. Designed with an upper display surface and lower, retractable keyboard and mouse desk. Winston Desk features a gas-assisted lift mechanism that lets you switch easily between sitting and standing in just a few seconds. It also holds up to 35 lbs, while staying steady and solid at any height. Winston Desk ships fully assembled and ready-to-use – just put it right on top of your current desk, and you're ready to work.

Winston Desk Features

Retractable Lower Work Surface

Lower work surface retracts to allow for a comfortable position.

Easy Height Adjustment

Gas-assisted lifting makes sitting and standing transitions a breeze.

Choose Your Own Height

Seamless height adjustment means there are no pre-determined height settings, Winston Desk locks in place at the height you want.

Optional Monitor Arm Mounting

Upper desk surface has a .5" bolt-thru hole and a reinforced edge for mounting an optional monitor arm with a thru-desk or clamp mount.

Winston Lift™

Winston Lift is an arm-based sit-stand product that allows users to turn their desk into a healthier, more dynamic workstation. Featuring an adjustable keyboard platform, quick-release stability lever, and textured wood grain surface, Winston Lift is the perfect combination of thoughtful design and functionality.

Winston Lift Features

Flexible Monitor Movement

Winston Lift is an arm based sit-stand offering maximum flexibility for monitor positioning, allowing you to easily share your screen.

Improves Workplace Wellness

Intuitive height adjustment allows workers to easily transition from sitting to standing throughout the day, promoting well being and productivity.

Engineered for Stability

The unique quick-release lever of the Winston Lift locks the arm's height position in place to prevent the work surface from drifting downward while computing.

Maximizes Your Workspace

Winston Lift's minimal footprint allows you to move it out of the way when not in use and regain access to your original work surface.

Winston Workstation®

Winston Workstation – Energizing your body. Inspiring your mind. Instantly converts any desk into a sit-stand workspace boosting health and productivity.

Winston Workstation Features

Moving at Work for a Healthy Lifestyle

Ease body pain and boost health by increasing your movement at work. Winston gives you the freedom to easily alternate between sitting and standing throughout the day.

Easy Height Adjustment

Adjust the height of your sit-stand workstation with just the push of a button. Features 17" of height adjust to accommodate a variety of users.

Expansive Work Surface

Large surface feels more like a real desk when standing and allows you to take all of your necessary items with you when you stand.

Engineered for Stability

The industry's first locking cylinder keeps your work space in place, eliminating wobble while you work.

Winston-E®

Winston-E is a responsive powered riser that takes the sit-stand conversation to a whole new level. The next-generation retrofit work surface with monitor arms is engineered for ease and freedom of movement. Fully loaded, we've thought of every detail for Winston-E so you're free to think about what's important to you.

Winston-E Features

Independent Monitor Height Adjustment

Ease body pain and boost health by increasing your movement at work. Winston gives you the freedom to easily alternate between sitting and standing throughout the day.

Focal Depth Adjustment

Adjust the height of your sit-stand workstation with just the push of a button. Features 17" of height adjust to accommodate a variety of users.

One-Touch Power: Set It and Forget It

With the touch of a button, power between sitting and standing height. Programmable control remembers your height for sit and stand.

Upping the Ante with Bold Style

Robust electronics encased in a sleek design with modern edges and clean lines.

The Innovative Advantage

For over 30 years, Innovative has been a leader in designing and manufacturing ergonomic, space-saving monitor arms and mounts for flat panel monitors, notebooks, and tablets. What began as a family-owned operation in 1986 has grown into a global company that is on cutting edge of ergonomic monitor arms, laptop mounts, and sit-stand solutions. The vast majority of Innovative's products are manufactured out of its headquarters in Easton, PA.

Customer Focus

Innovative's employees take pride in enhancing the way users interface with technology. Our experienced team of sales representatives, in-house engineering and prototyping resources enable us to work with you to find the right solution for your specifications. Call us today to speak with a representative about your project: 800.524.2744.

Quality

Innovative leads the way in exceptional quality by combining product performance with award winning design. Most products are tested to 30,000 cycles, far exceeding BIFMA industry standards. Innovative's mounting solutions are built to withstand the demands of today's office environment and most products are backed by a 10 year warranty.

Designed + Assembled in USA

Innovative proudly designs and assembles a majority of our products in the USA. By designing our products onsite, Innovative is able to work closely with our customers from start to finish, providing them with a high quality product that meets their needs, has a high standard of performance and exceeds their expectations. Our in-house design team works on small to large quantity projects with highly configurable options.

Award-Winning Design

Innovative products have been recognized by such prestigious international design organizations as red dot and iF, as well as design competitions sponsored by Business Week, Contract and Buildings magazines.
